OUR ST. LOUIS LETTER. The City Crowded-Hullding Association Congress-Another Heavy Subscription Fund.

Sr. Louis, Oct. 5.—The full festivities reached the climax of their interest this week. Fifty thousand strangers temper of policemen and car conduct attractive point; the turnstiles out at the fair ground clicked Incessantly; the gorgeous parade of the Veiled Prophet and the illuminations provided the most brilliant night specta-cles, and all the theaters had strong bills. The hotels, big and little, were all full, and the signs "Furnished Rooms" had been taken from the Auron Pope Brutaity Brained with bearing houses within three miles of the exposition building. Hot as the campaign is here, with the State head-quarters of the three parties in the

from taxation. If these laws are secured, Missouri next year will forge ahead of all the other States in the wealth of its building associations

For the second time within five years, the citizens of St. Louis, have paid for the organization of a special authorities in that most important atreets clean. The city has grown so zens committee, that this one will complish the same object, and, as It is intended to keep the special corps at work all through next year, till the winter, the cost will hardly be less than worth the money that will be spent.

The streets were made impassable

by the sight-seers Tuesday night, when the prophet and his retinue paraded with a score of tableaus on flouts, il-instrating the history of the Louisiana. from which territory Missouri sprang the last in the line, was received It represented a native Missourian takof the United States in 1942 the parade the prophet and his suite, who had been the figures in the tabtown. Mr. Aiden was picked up by leans, went to the Merchants' Exund is being cared for. The negro quaint costumes, attended the ball, was arrested on his arrival at Victoria which is the social event of the year. A good illustration of the rapid

change now taking place in suburban property, is given by the history of a piece of land eight miles away from plies for the city, that the owner re-fused \$00,000 for it. Its value as farm-\$20,000. The electric cars, running long distances west, have ma
